WORKSHOPS

We gather to learn crafts. Each month we dive deep into a new craft.

We weave, spin, forage, bake, bind books, make soap or knit,

At every workshop you will leave with something to take home, and skills for life.

MATERIALS

We work with natural materials, upcycled or otherwise local and sustainable things.

We forage and process natural materials for fibres and foods. We source organic, local and sustainable materials to our best capabilities.

EARTH WEAVERS
