Question 1: Do you support strengthening Idaho's pro-life laws by removing the existing exceptions for cases of rape and incest?

☒ Yes ☐ No ☐ Don't Know

Yes, for the age of 16 & over not using rape or incest as the reason to abort. No, for girls younger than 16.

Many younger girls are not physically able to carry a baby nor handle the emotional trauma of carrying a baby conceived of rape or incest. If they can carry the baby, then that should be their choice after much consultation with a Christian doctor & psychologist. I know several young women who were raped at 16 & chose to carry the children which were later put up for adoption. But I also know a young woman whose father raped her at 14. She had a very early preemie who suffered for a month before dying. The girl nearly bled to death & ended up with a hysterectomy.
