

An aerial perspective concept drawing of a waterfront park. A wide, blue river flows from the bottom left towards the right. Along the riverbank, there is a long, low, light-colored building with a flat roof. To the right of this building is a small structure with a red roof. Further right, a bridge with a wooden deck crosses the river. On the right side of the river, there is a building with a red roof and a curved, tiered walkway leading down to the water. The park area is filled with green trees and grass, with winding paths and circular paved areas. Small figures of people are scattered throughout the park, suggesting a lively public space. The overall style is a soft, painterly digital illustration.
