### **SPANISH (SOME PHRASES UNCLEAR)**

Visitores celestiales  
Ellos no pueden, no pueden volar  
Nuestro hermano provinciano  
Son del cielo, se van a crashear  
Ellos tratan de desviarnos  
Hay testigos que van a contar  
Con los años, es un secreto  
En este campo van a investigar  
Fue una gran injusticia como ellos nos trataron  
Ellos vienen de otros xxxxxxxxxxxx y a nosotros nos trataron  
Los federales nos vigilan, ustedes no saben que se tiró  
Era un disco con aquellos recibieron, uno se murió  
Somos testigos de un secreto  
Un secreto federal  
Ellos tienen sus poderes  
Y nosotros el material.

### **ROUGH TRANSLATION INTO ENGLISH**

Celestial visitors  
They cannot, cannot fly  
Our provincial brother  
They come from the sky, they are going to crash  
They try to divert us  
There are witnesses who are going to tell  
For years, it is a secret  
In this field they are going to investigate  
It was a great injustice how they treated us  
They come from other xxxxxxxxxxxx and they treated us  
The feds [federal authority] are watching us, you know that it fell  
It as a disk with those received, one died  
We are witnesses of a secret  
A federal secret  
They have their powers  
And we have the material.
