The offender has no phone through which this officer can send the information to him.

- (4) **RECOMMENDATION:** This officer is requesting a warrant as the subject has been violating multiple conditions of his supervision. This officer recommends that the subject's supervision is revoked and that he is returned to state prison for 40 months with credit for time served followed by one (1) year of community control with electronic monitoring followed by 6 months sex offender probation. The offender has been violating not only his supervision by using the internet, using drugs, travelling outside of the county, and violating his curfew, but has also been violating Florida law by providing alcohol to minors and driving with a suspended license. The subject clearly does not appreciate the freedom that community supervision provides and has taken advantage of the privilege to remain in the community.

The foregoing is true and correct to the best of my knowledge and belief.
